

Direction2: THINK ABOUT YOUR CAREER AS A MACHINIST

a) Today's Date: _____.

I am now taking the Machine Shop VESL course.

b) When do you hope to start the Machine shop classes?

c) What kind of entry-level job would you like to have?

d) Look again at the names of the jobs and what the worker does. **Circle** any jobs you think you might be interested in doing later in your career:

Machine Operator Machinist Technician Supervisor

Maintenance Machinist Tool and Die Maker Inspector

Part 2: Directions "Help-Wanted" ADS FOR MACHINE SHOP JOBS

Here are some "Help Wanted" ads from the newspapers. This is one place where you can find out about jobs. Look under the letter *M* for *machinist*, when you read the ads.

A. Machinist: all-around job shop in Escondido, 2 years minimum experience. Call 555-429-3999.

B. MACHINIST: small production shop. Pacific Engine, Mt. Angel, OR. 1-800-423-1523.

C. MACHINE OPERATOR General machine shop; will train the right person. Apply in person at 374 Oak SL in La Mesa.

Questions: Which one of these ads would be the best to get an entry-level job? Why?
